

Labeling Machine

Description

Our Adhesive Labeling Machine provides precise and efficient labeling for bottles, jars, and containers. With automatic speed and position adjustment, it ensures accurate label placement on round, flat, and square surfaces. Designed for high-speed production with minimal downtime.

Single Side Adhesive Labeling Machine

Labeling Speed: 60m/min

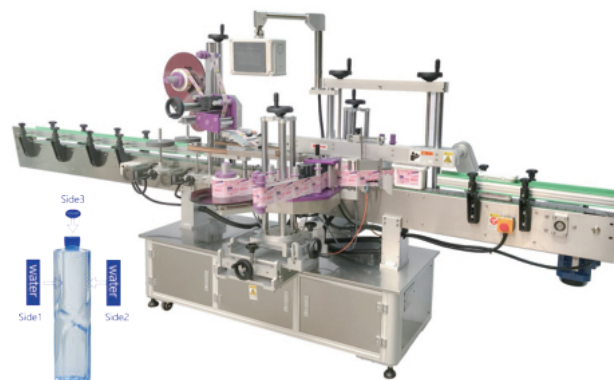

Double Sides Adhesive Labeling Machine

Labeling Speed: 60m/min

Three-Sides Adhesive Labeling Machine

Labeling Speed: 60m/min

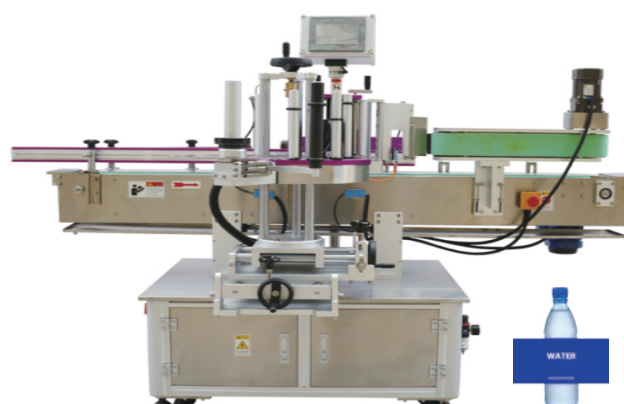

Star Wheel Rotary Adhesive Positioning Labeling Machine

Labeling Speed: 60m/min

Round Bottle Adhesive Labeling Machine

Labeling Speed: 60m/min

OPP Hot Glue Labeling Machine

Labeling Speed: 150~500 bottles/min

Rotary High-Speed Positioning Adhesive Labeling Machine

Available Capacity: 2,000~24,000 bottles/hour

Rotary OPP Hot Melt Labeling Machine

Available Capacity: 2,000~24,000 bottles/hour

Rotary Full Servo Adhesive Sticker and OPP Hot Melt Modularized Labeling Machine

Available Capacity: 2,000~24,000 bottles/hour

Shrink Sleeve Labeling Machine

Labeling Speed: 150~400 bottles /min

Two Heads Sleeve Shrink Labeling Machine

Labeling Speed: 150~500 bottles/min
